The times allocated above may vary in both sessions as they may run longer or shorter so parents in each session may need to alternate the times given. The Team Manager will have the Time Sheet allocated to the Club and will let each swimmer know the Heat and Lane in each of their races. Swimmers need to remain in the area of the Team Manager so when their race is coming up they will be told when to go poolside to get prepared.

In the event of a swimmer not turning up as always it is their (family) responsibility to provide a replacement for the job allocated to them.

Good Luck to everyone taking part.
